

# What's better than owning an F123? Owning two!

Exclusively for  
F123 customers:  
**\$20,000 off an F370.**

## Streamline your product development process, add an F370 today!

Join your F123 printer with a new F370 for only \$39,900! You'll be able to:

- Print with carbon fiber, ABS-CF10 is stronger and stiffer than standard ABS and lighter weight than aluminum.
- Expand use cases with seven material options: PLA, ASA, FDM® TPU 92A™, PC-ABS and more.
- Print twice as fast with automated calibration, material changeover and the Draft Mode option.
- Print more parts and assemblies at the same time in the expansive build envelope.
- Print larger part geometries in one, continuous build.
- Eliminate geometric limitations and countless hours of finishing with soluble support material.

- Must own an F123 Series printer (F170™, F270™ or F370™) to qualify. Not to be combined with any other offer. No substitutions. No additional discounts allowed on this promotion.
- PO must be received and orders shipped on or before September 30, 2021. No "stacking" of discounts.
