# F123™ customers, it's time to add color!

Save $20,000 when you buy a J55 today!

Streamline design approvals with realistic, full-color, textured prototypes.

Pair your F123 printer with the versatile J55 for only $80,000 and you'll be able to:

- Shorten design approval processes from weeks to hours with the use of color and .3MF file format workflow.
- Create realistic simulations of textures with unrivaled surface finish and feature detail.
- Create and print up to 500,000 unique Pantone® validated color combinations with 5 materials.
- Print clear material to simulate glass and acrylic.
- Maximize what you can print in one build with the best footprint-to-tray ratio on the market.

Must own an F123 Series printer (F170™, F270™ or F370™) to qualify. Not to be combined with any other offer.
No substitutions. No additional discounts allowed on this promotion.
PO must be received and orders shipped on or before September 30, 2021. No "stacking" of discounts.
